# ABOUT US

## The LEADING PROVIDER OF HEALTH AND SAFETY Consultancy

### WHY CHOOSE US

- Wessex Safety Services is your "one stop shop" for all businesses regardless of size that do not have the necessary knowledge or resources to deal with Health and Safety legislative demands. We have a realistic, sensible risk based approach to helping you navigate through the minefield of Health and Safety management and helping you comply with your legal requirements.
- Outsourcing your Health & Safety requirements to Wessex Safety Services or working in partnership with us allows you to focus on your core business activities with the reassurance that committed and experienced professionals are assisting with your Health and Safety Management.

### NOT SURE WHERE TO START?

- Our health & safety team is there to help you understand your legal obligations, the risks to your business, and the measures you need to put in place to ensure compliance and best practice. Whether you need to resolve a short-term issue or develop a long-term strategy, our knowledge and experience are invaluable
- We offer a bespoke health and safety solution allowing us to understand exactly what support is needed and to then provide a highly personal approach tailored to your business.
