ABOUT US

The LEADING PROVIDER OF HEALTH AND SAFETY Training

WHY CHOOSE US

- Health and Safety Training is essential in maintaining not only legal compliance but a happy and safe workforce.
- Working Safe and Sound is passionate about delivering a broad range of courses and breaking the stigma that health and safety is a boring subject.
- Our qualified tutors engage the class promoting participation and the sharing of ideas to embed knowledge.

Accredited or Non-Accredited Health and Safety Training Courses?

- We offer a range of Non-Accredited courses which we can tailor exactly to meet your business needs.
- Along with designing bespoke health and safety training programmes, we also offer many accredited courses to meet the growing needs of your clients and industry standards.

NEBOSH GENERAL CERTIFICATE

- This industry-standard qualification is often the first step towards a career in health and safety. The NEBOSH General Certificate is required by three out of four health and safety jobs. The two-week course is also a valuable platform for further professional study. Applying what you have learned in the workplace will help employers meet codes of practice and improve health and safety standards.
